Any festivity drew itinerant entertainers and musicians it was their living, and though uninvited they were welcomed. A tale-singer with a droning voice and a droning bagpipe was singing The Deed of the Dragonlord to a group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum took time off for a breather and a swig, a new group hopped up onto the dance floor. Or I said my name..The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods. Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until:.The light had come back into Diamond's dark eyes..There was always another meaning in the words of this lore. "A spell of silence," she said..Dulse thought sometimes in those years about sons and fathers. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks..In the young dowser he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them..him, who had seen great deeds and powers. He looked at Emer again. "May he stay here, mistress? Is that your wish as well as his?". "And perhaps because such arts have not the power they once had," he said. He did not know himself why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he loved to play. The game had turned to a kind of contest he had not expected but could not put an end to. He was determined now not to win her, but to defeat her. He could not let her defeat him.
