The winter passed by, and the cold early spring, and with the warm late spring came a letter from his mother, brought by a carter. Diamond read it and took it to Master Hemlock, saying, "My mother wonders if I might spend a month at home this summer." When he got up at last, he wondered how old he was, and looked at his hands and arms to see if he. "Edran," said the Namer promptly, and laughed. "Drake. Dragon..." "I'll keep the door," Medra said. "Being lame, I won't go far from it. Being old, I'll know what. "I do want you to stay. But don't stay! You're a finder, you have to go find. It's only that." "Magic won't die on Roke," said Veil. "On Roke all spells are strong. So said Ath himself. And you. She looked up at him, her sharp, strong face softened by the shadowy lantern-light. "If it was." "Yes," she said uncertainly..unable to see Ivory as perilous. She didn't understand him, but the idea of fearing him, him.going to make me learn all his kind of stuff, after I got my name. The same thing again: they belonged to the Hand, and the Hand was a league of powerful sorcerers on Morred's Isle, or on Roke; and the man Otter or Tern came from there, though originally from Havnor; and they held him in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter to Endlane, where the mother lived. Nobody on Roke starved or went unhoused, though nobody had much more than they needed. Hidden from the rest of the world not only by sea and storm but by their defenses that disguised the island and sent ships astray, they worked and talked and sang the songs, The Winter Carol and The Deed of the Young King. And they had books, the Chronicles of Enlad and the History of the Wise Heroes. From these precious books the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and mended their nets. There was a hearth there, and they would light the fire. People came even from farms across the island to hear the histories read, listening in silence, intent. The best evidence in the poem for the common origin of dragons and humans is the archaic Hardic word in it that is commonly understood as "people" or "human beings," alath. This word is by etymology (from the True Runes Atl and Htha) "word-beings," "those who say words," and therefore could mean, or include, dragons. Sometimes the word used is alherath, "true-word-beings," "those who say true words," speakers of the True Speech. This could mean human wizards, or dragons, or both. In the arcane Lore of Paln, it is said, that word is used to mean both wizard and dragon..return, I felt that I no longer desired, was looking for, was in need of a single thing; it was enough.Neither of them had any doubt but that he was a man of great power. He sat in Hopeful and crooned over the antique descriptions of harikki and otak and icebear. To Rose's lips Diamond's face was smooth and full as a plum, with just a hint of prickliness above the lip and jawline, where he had taken to shaving recently. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one cheek, which she had rubbed with a dirty hand. They moved a little closer so that their breasts and bellies touched, though their hands stayed down by their sides. They went on kissing..Most people of the Archipelago have brown or red-brown skin, black straight hair, and dark eyes; the predominant body type is short, slender, small-boned, but fairly muscular and well-fleshed. In the East and South Reaches people tend to be taller, heavier boned, and darker. Many Southerners have very dark brown skin. Most Archipelagan men have little or no facial hair..round. was drunk sometimes he remembered her. If he could find her, he made her stand by his chair or sit on his knees and listen to all the wrongs that had been done to him and to the house of Iria. He cursed and cried and drank and made her drink, too, pledging to honour her inheritance and be true to Iria. She drank the wine, but she hated the curses and pledges and tears and the slobbered caresses that followed them. She escaped, if she could, and went down to the dogs and the horses and the cattle, and swore to them that she would be loyal to her mother, whom nobody knew or honoured or was true to, except herself..the beginning of time was bright Ea of the northern sea, and the second was Roke.
